

*Proposed Amendment to the Constitution*

*Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on July 2, 1980 by a vote of 171-4, and on June 21, 1982 by a vote of 144-44?*

**SUMMARY**

The proposed constitutional amendment would remove the present constitutional prohibition against the use of public funds to aid or maintain private primary or secondary schools.

It would permit the Commonwealth, cities and towns to make public funds available to pupils attending private primary and secondary schools in the form of either aid, materials or services subject, however, to three specific limitations. First, the private school

could not be one that discriminates on the basis of race or color in its admission requirements. Second, the grant of aid must be consistent with the First Amendment to the United States Constitution which guarantees the free exercise of religion and prohibits the establishment of religion. Third, individual pupils would have to request the aid, materials or services. In addition to these three specific limitations, the amendment would authorize the legislature to enact other laws imposing conditions or restrictions on the grant of public aid, materials or services.

The proposal would also change the state Constitution to allow public money to be spent to aid infirmaries, hospitals, charitable or religious undertakings if they are either publicly owned or under the control of public officials. The state Constitution now prohibits such spending unless these institutions are both publicly owned and under the control of public officials.

**QUESTION NO. 2**

*Proposed Amendment to the Constitution*

*Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 19, 1980 by a vote of 123-63, and on June 21, 1982 by a vote of 125-62?*

**SUMMARY**

The proposed constitutional amendment would allow the legislature to enact laws authorizing the state courts to impose the death penalty on the conviction of crimes to be specified by law. The proposed amendment would provide that no provision of the state constitution may in the future be construed as prohibiting the imposition of the punishment of death.

**QUESTION NO. 3**

*Law Proposed by Initiative Petition*

*Do you approve of a law summarized below, on which no vote was taken by the House of Representatives or the Senate before July 7, 1982?*

**SUMMARY**

The proposed law would require that before the construction or operation of any new nuclear power plant or low-level radioactive waste storage or disposal facility in the Commonwealth, the legislature must make certain findings and a majority of voters must approve the new facility at a statewide election.

Before the question of building a new nuclear power plant could be submitted to the voters, the legislature would have to find that (1) the proposed facility is the best means for meeting energy needs based on certain economic, safety, environmental and social considerations; (2) a federally-licensed facility exists for the disposal of the high-level radioactive waste that would be generated; (3) an approved emergency

preparedness plan has been developed; (4) radioactive pollution standards have been promulgated; and (5) a demonstrated, federally-approved technology exists for decommissioning the proposed power plant.

Before the question of building and operating a low-level radioactive waste storage or disposal facility or of entering into an agreement with another state to build and operate such a facility in Massachusetts could be submitted to the voters, the legislature would have to find that the technology and site designated for the proposed facility are the best available based on certain economic, safety, environmental and social considerations. The legislature would also have to find that the obligations imposed on Massachusetts by any interstate agreement were no greater than those imposed on any other state.

The proposal would not apply to a facility which had obtained all necessary government approvals before August 5, 1981, nor to any facility for disposal or storage of radioactive wastes from medical or bio-research applications in Massachusetts.
