Secretary

# QUESTION 2

## Proposed Legislative Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on December 12, 1984 by a vote of 108-79, and on April 16, 1986 by a vote of 107-87?

### SUMMARY

The proposed constitutional amendment would allow the expenditure of public funds for private schools and private school students.

It would remove primary and secondary schools from the list of non-public institutions barred from receiving public aid and would allow public money, property, or loans of credit to be used for founding, maintaining, or aiding those schools. The proposed amendment would also allow public financial aid, materials, or services to be provided to a non-public school student requesting such aid, but only if that school does not discriminate in its entrance requirements on the basis of race, color, national origin, religious belief, sex, or physical handicap. The state legislature would have the power to impose limits on aid, materials, or services provided to students.

### QUESTION 3

#### Law Proposed by Initiative Petition

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986, by a vote of 49 - 93, and on which no vote was taken by the Senate before May 7, 1986?

#### SUMMARY

The proposed law would reduce and then repeal the 7½% surtax on Massachusetts state income taxes and would limit state tax revenue growth to the level of growth in total wages and salaries of the citizens of the state.

It would set the rate of the surtax on Massachusetts state income taxes at 3¼% for tax years beginning during 1986, and it would repeal the surtax for tax years beginning on or after January 1, 1987.

The allowable state tax revenues for any fiscal year are limited to the allowable state tax revenues for the prior fiscal year as increased by the average rate of growth of Massachusetts wages and salaries for the three immediately preceding calendar years. For purposes of calculating the proposed limit for fiscal year 1987, allowable state tax revenues for fiscal 1986 are the net tax revenues for that fiscal year, but excluding revenues derived from the surtax on state personal income tax. Further, if in any fiscal year the calcula-

tion of the limit results in allowable state tax revenues less than the amount of allowable state tax revenues for the prior year, then allowable state tax revenues for that fiscal year shall be equal to the allowable state tax revenues for the prior year. The revenues limited by this law would not include non-tax revenues such as federal reimbursements, tuitions, fees and earnings on investments.

The amount of allowable state tax revenues for any fiscal year would have to be reduced if a new state law were enacted allowing local governments to impose new or increased taxes or excises. The reduction would be equal to the amount of revenue derived from the new tax or increase. The reduction in state tax revenues would first take effect in the fiscal year following the enactment of the new law authorizing new local taxes or increases.

If state tax revenues exceed the limit imposed by the proposed law, as determined by the State Auditor, a tax credit would have to be granted equal to the total amount of excess tax revenue. The credit would be applied to the then current personal income tax liability of all taxpayers in proportion to their personal income tax liability in the preceding year.

The provisions of this Act could be enforced in court by a group of taxpayers.

**QUESTION NO. 4**

**Law Proposed by Initiative Petition**

Do you approve of a law summarized below, which was approved by the House of Representatives on May 5, 1986, by a vote of 145 - 0, and on which no vote was taken by the Senate Before May 7, 1986?

**SUMMARY**

The proposed law would require the state Department of Environmental Quality Engineering (DEQE) to search for sites in the Commonwealth where oil or hazardous materials have been disposed of and to take all steps necessary to clean up those sites within specified time limits. Provisions are made for informing the public about sites in their communities.

Beginning on January 15, 1987, DEQE would be required to publish lists every three months of all sites where it has confirmed that uncontrolled oil or hazardous materials have been disposed of and locations to be investigated as possible disposal sites. The lists would describe what actions have been taken at each site or location. DEQE would be required to list, to the extent

is a disposal site, and whether it poses an imminent or substantial hazard to health, safety, public welfare or the environment.

For sites found to pose a substantial hazard, DEQE would be required, within the next two years, to ensure that those hazards are eliminated and to develop a plan to eliminate permanently future risks from those sites. Imminent hazards would have to be eliminated immediately. For sites found not to pose any substantial hazards DEQE must, within seven years after the listing, ensure that the full extent of contamination is evaluated and that a plan to eliminate permanently future risks is developed.

The proposed law would require DEQE to provide public notice and encourage public participation. Within 30 days after completing a site investigation, DEQE would have to inform the public through local newspapers of the results of that investigation and of the rights of local citizens under the state law. If ten citizens of a town potentially affected by a site submit a request, DEQE would be required to develop a plan for involving the public in its clean-up decisions and present that plan at a public meeting. The chief municipal officer of a city or town in which a disposal site is located could appoint

that it has identified, at least 400 possible disposal sites by January 15, 1987, 600 additional locations by January 15, 1988, and 1,000 additional locations in each subsequent year.

Within one year after a location is listed as a possible disposal site DEQE would be required to determine if further investigation is warranted. If so, within two years after the listing, DEQE must confirm whether the location

individual(s) to inspect the site on behalf of the community. Massachusetts residents could bring lawsuits to enforce the provisions of the proposed law or to lessen a hazard related to oil or hazardous materials. If such a lawsuit is brought, a court could award costs, including reasonable fees for attorneys and expert witnesses.
