QUESTION 4

Shall this Town of Southwick accept sections 3 to 7, inclusive of Chapter 44B of the General Laws, as approved by its legislative body, a summary of which appears below?

Summary

Sections 3 to 7 of Chapter 44B of the General Laws of Massachusetts, also known as the Community Preservation Act ("Act"), establish a dedicated funding source to enable cities and town to: (1) acquire and preserve open space, which includes land for park and recreational uses and the protection of public drinking water well fields, aquifers and recharge areas, wetlands, farm land, forests, marshes, beaches, scenic areas, wildlife preserves and other conservation areas; (2) acquire, preserve and restore historic buildings and sites; and (3) create and preserve community housing.

A taxpayer receiving an exemption of real property authorized by Chapter 59 of the General Laws of Massachusetts or any other law is exempt from any surcharge on real property established under the Act. A taxpayer receiving a regular property tax abatement will also receive a pro rata reduction in surcharge.

A Community Preservation Committee has been established by by-law to study community preservation resources, possibilities and needs and to make annual recommendations to Town Meeting on spending the funds. At least ten percent (10%) of the funds for each fiscal year will be spent or reserved for later spending on each of the Act's three community preservation purposes: (1) open space (excluding land for recreational use); (2) historic resources; and (3) affordable housing.

Summary
Chapter 44B of the Massachusetts General Laws, also known as the Community Preservation Act ("the Act"), allows communities to establish a dedicated source of funds for the acquisition, preservation and creation of open space and of land for recreational uses, for the acquisition and preservation of historic resources, and for the creation, preservation and support of community housing.

One source of funds for these activities would be a surcharge of one per cent (1%) on the annual tax assessed on real estate, subject to certain exemptions as discussed, below. The other source of funds would be funds which the City would receive from a special state trust fund. The state funds are available only to communities that have voted to accept the Act.

If the Act is accepted, the following would be exempt from the surcharge:
(1) Any taxpayer exempt from real estate property tax would be exempt from the surcharge; and (2) One hundred thousand dollars (\$100,000.00) of the value of each taxable parcel of residential real estate would be exempt from the surcharge. Any taxpayer receiving a tax abatement would be entitled to a reduction of the surcharge in proportion of the abatement.

If the Act is accepted, the City would establish a separate account known as the Community Preservation Fund ("the Fund") to which all surcharge receipts and the state funds would be credited. The City Council would pass an ordinance establishing a Community Preservation Committee. The Committee would study community preservation needs, possibilities and resources and make annual recommendations to the City Council.

The Fund could only be spent by the city Council for Community Preservation activities allowed under the Act. Each year not less than ten percent (10%) of the annual revenues to the Fund must be spent, or designated for later spending, on open space; not less than ten percent (10%) must be spent, or designated for later spending, on historic preservation and not less than ten percent (10%) must be spent, or designated for later spending, on community housing. The administration and operating expenses of the committee cannot exceed five percent (5%) of the annual revenues.

A "yes" vote is a vote to accept the Act. A "no" vote is a vote not to accept the Act.
