QUESTION 3

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

SUMMARY

This proposed law would prohibit in Massachusetts any dog racing or racing meeting where any form of betting or wagering on the speed or ability of dogs occurs.

The State Racing Commission would be prohibited from accepting or approving any application or request for racing dates for dog racing.

Any person violating the proposed law could be required to pay a civil

penalty of not less than \$20,000 to the State Racing Commission. The penalty would be used for the Commission's administrative purposes, subject to appropriation by the state Legislature.

All existing provisions on the part of the state's General Laws concerning dog and horse racing meetings would be interpreted as not applying to anything dog-related.

The proposed law would take effect on June 1, 2001. The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

A YES VOTE would prohibit dog races where betting or wagering occurs.

A NO VOTE would make no change in the laws governing dog racing.

5.95% as of September 1, 1999, and would set the rate at 5.6% for tax year 2001, 5.3% for tax year 2002, and 5% for tax year 2003 and after. LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

SUMMARY

This proposed law would set up a state Health Care Council to review and recommend legislation for a health care system that ensures comprehensive, high quality health care coverage for all Massachusetts residents. Until the Council decided that such a system had been set up, the proposed law would prohibit the conversion of non-profit hospitals, health maintenance organizations (HMOs), and health insurance firms to for-profit status. The proposed law would also require health insurance carriers to provide certain rights to patients and health care professionals, starting January 1, 2001.

The Council would recommend laws to set up, and would decide whether laws had been passed to ensure, a health care system that provides:

- barrier-free access to health care services;
- patients' freedom to choose their health care providers, get second opinions, and appeal denials of care;
- health care professionals' freedom to act solely in the best interests of their patients;
- affordable coverage, with cost increases no greater than national averages;
- preserving and increasing the quality of care and encouraging research;
- at least 90% of all premiums to be used for patient care, public health, and training/research, and no more than 10% for administrative costs, with simpler paperwork and administration;
- a prohibition of financial incentives that limit patient access to health care, and limits on incentives for inappropriate care.

The Council would include 17 members representing health care and other organizations. It would hold public hearings, study proposals, and make recommendations to the state Commissioner of Public Health and the Legislature on laws and other steps needed to set up a system meeting the above requirements. The proposed law would also create a special legislative committee, including legislators and members of the Council, to make recommendations by September 30, 2001, for laws to set up a system meeting the above requirements by July 1, 2002.

Starting January 1, 2001, the proposed law would require health insurance carriers to guarantee certain rights to their insured patients and to health care professionals. These rights would include:

- patients' right to choose all of their health care providers, subject to the approval of a freely chosen primary care provider who has no financial incentive to deny care, and subject to payment of a reasonable extra fee to see a provider outside the carrier's network;
- health care professionals' right to make medical decisions in consultation with the patients;
- patients' right to transitional insurance coverage when they are undergoing a course of treatment from a health care provider whose contract with a carrier is being terminated;
- patients' right to medically necessary referrals to specialists;
- limits on and disclosure of contracts between carriers and health care providers that create financial incentives to delay or limit care or provide inappropriate care;
- health care professionals' right to discuss health benefit plans with insured patients and to advocate on behalf of their patients;
- carriers could not terminate health care providers' contracts without cause;
- patients' right to receive emergency services, subject to authorization procedures, and to be reimbursed when they pay cash for emergency services from providers not affiliated with their carrier;
- utilization review procedures that meet specific standards, including patients' right to appeal to the Commissioner of Public Health;
- in any year at least 90% of a carrier's Massachusetts revenue must be spent on Massachusetts health care, and a carrier that spent more than 10% for non-health care purposes would have to refund the excess to its insured patients. Each carrier would have to report its revenues, premiums, and expenditures to the state Commissioner of Insurance every year.

The proposed law states that it would not interfere with any existing contract, including contract terms (such as automatic renewal or option clauses) that may go into effect after January 1, 2001. The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

A YES VOTE would require health insurance carriers to guarantee certain rights to their patients and providers, and it would prohibit the conversion of non-profit hospitals, HMOs, and health insurers into for-profit entities until a system is created to provide comprehensive health care coverage for all Massachusetts residents.

A NO VOTE would make no change in the laws governing health insurance and health care.
