LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 1, 2012?

SUMMARY

This proposed law would eliminate state criminal and civil penalties for the medical use of marijuana by qualifying patients. To qualify, a patient must have been diagnosed with a debilitating medical condition, such as cancer, glaucoma, HIV-positive status or AIDS, hepatitis C, Crohn's disease, Parkinson's disease, ALS, or multiple sclerosis. The patient would also have to obtain a written certification, from a physician with whom the patient has a bona fide physician-patient relationship, that the patient has a specific debilitating medical condition and would likely obtain a net benefit from medical use of marijuana.

The proposed law would allow patients to possess up to a 60-day supply of marijuana for their personal medical use. The state Department of Public Health (DPH) would decide what amount would be a 60-day supply. A patient could designate a personal caregiver, at least 21 years old, who could assist with the patient's medical use of marijuana but would be prohibited from consuming that marijuana. Patients and caregivers would have to register with DPH by submitting the physician's certification.

The proposed law would allow for non-profit medical marijuana treatment centers to grow, process and provide marijuana to patients or their caregivers. A treatment center would have to apply for a DPH registration by (1) paying a fee to offset DPH's administrative costs; (2) identifying its location and one additional location, if any, where marijuana would be grown; and (3) submitting operating procedures, consistent with rules to be issued by DPH, including cultivation and storage of marijuana only in enclosed, locked facilities.

A treatment center's personnel would have to register with DPH before working or volunteering at the center, be at least 21 years old, and have no felony drug convictions. In 2013, there could be no more than 35 treatment centers, with at least one but not more than five centers in each county. In later years, DPH could modify the number of centers.

The proposed law would require DPH to issue a cultivation registration to a qualifying patient whose access to a treatment center is limited by financial hardship, physical inability to access reasonable transportation, or distance. This would allow the patient or caregiver to grow only enough plants, in a closed, locked facility, for a 60-day supply of marijuana for the patient's own use.

DPH could revoke any registration for a willful violation of the proposed law. Fraudulent use of a DPH registration could be punished by up to six months in a house of correction or a fine of up to \$500, and fraudulent use of a registration for the sale, distribution, or trafficking of marijuana for non-medical use for profit could be punished by up to five years in state prison or by two and one-half years in a house of correction.

The proposed law would (1) not give immunity under federal law or obstruct federal enforcement of federal law; (2) not supersede Massachusetts laws prohibiting possession, cultivation, or sale of marijuana for nonmedical purposes; (3) not allow the operation of a motor vehicle, boat, or aircraft while under the influence of marijuana; (4) not require any health insurer or government entity to reimburse for the costs of the medical use of marijuana; (5) not require any health care professional to authorize the medical use of marijuana; (6) not require any accommodation of the medical use of marijuana in any workplace, school bus or grounds, youth center, or correctional facility; and (7) not require any accommodation of smoking marijuana in any public place.

The proposed law would take effect January 1, 2013, and states that if any of its part were declared invalid, the other parts would stay in effect.

A YES VOTE would enact the proposed law eliminating state criminal and civil penalties related to the medical use of marijuana, allowing patients meeting certain conditions to obtain marijuana produced and distributed by new state-regulated centers or, in specific hardship cases, to grow marijuana for their own use.

A NO VOTE would make no change in existing laws.

QUESTION 4

Shall the City of Beverly accept sections 3 to 7, inclusive, of Chapter 44B of the General Laws, as approved by its legislative body, a summary of which appears below?

SUMMARY

Sections 3 to 7 of Chapter 44B of the General Laws of Massachusetts, also known as the Community Preservation Act (Act), establish a dedicated funding source to enable cities and towns to (1) acquire open space, which includes land for park and recreational uses and the protection of public drinking water well fields, aquifers and recharge areas, wetlands, farm land, forests, marshes, beaches, scenic areas, wildlife preserves and other conservation areas, (2) acquire and restore historic buildings and sites, and (3) create affordable housing.

In Beverly, the funding source for these community preservation purposes will be a surcharge of 1 % on the annual property tax assessed on real property and annual distributions made by the state from a trust fund created by the Act. If approved, the following will be exempt from the surcharge: (1) property owned and occupied as a domicile by any person who qualifies for low income housing or low or moderate income senior housing in the City of Beverly, as defined in Section 2 of said Act; (2) \$100,000 of the value of each taxable parcel of residential real property. A taxpayer receiving a regular property tax abatement or exemption will also receive a pro rata reduction in surcharge.

A Community Preservation Committee will be established by ordinance to study community preservation resources, possibilities and needs and to make annual recommendations to city council on spending the funds. At least 10% of the funds for each fiscal year will be spent or reserved for later spending on each of the Act's three community preservation purposes: (1) open space (excluding land for recreational use) (2) historic resources and (3) affordable housing.

Shall the Town of Duxbury exempt the first \$100,000 of assessed value of residential real property from the surcharge levied pursuant to the Community Preservation Act, M.G.L. c. 44B, as permitted by M.G.L. c. 44B, §3(e)(3) and approved by its legislative body (Town Meeting), beginning on July 1, 2013?

SUMMARY

Sections 3 to 7 of Chapter 44B of the General Laws of Massachusetts, known as the Community Preservation Act (CPA), establish a dedicated funding source to acquire and preserve open space, parks and conservation land, protect public drinking water supplies, and scenic areas, protect farm land and forests from future development, restore and preserve historic properties, and support local affordable housing needs. In Duxbury, the CPA is currently funded by an additional excise of 3% on the annual tax levy on real property, and by annual distribution from the state. The CPA permits towns to adopt certain exclusions, including the exclusion proposed here. QUESTION 4

Shall the Town of West Springfield amend its acceptance of the Community Preservation Act by adopting exemption (4) of Chapter 44B of the General Laws which would exempt the first \$100,000 of the value of each taxable parcel of class 3, commercial property, and class 4, industrial property as defined in section 2A of Chapter 59 of the Massachusetts General Laws, as approved by its legislative body?

SUMMARY

Currently, 100% of the value of commercial and industrial real estate in West Springfield is subject to a Community Preservation Act surcharge of one percent (1%) of its taxable value, while residential properties receive an exemption for the first \$100,000 of their property value. This amendment, if adopted, would in a similar manner exempt the first \$100,000 of commercial and industrial property value.

The adoption of the amendment would exempt the first \$100,000 of value of each such commercial and industrial property from the surcharge. For example, a commercial or industrial property valued at \$250,000 would pay a surcharge Based on \$150,000 rather than \$250,000 of its taxable value.
