It would also provide that the state constitution does not require public or private funding of abortions, or the provision of services or facilities for performing abortions, beyond what is required by the United States Constitution. The provisions of this amendment would not apply to abortions required to prevent the death of the mother.

# QUESTION 2

## Proposed Legislative Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on December 12, 1984 by a vote of 108-79, and on April 16, 1986 by a vote of 107-87?

### SUMMARY

The proposed constitutional amendment would allow the expenditure of public funds for private schools and private school students.

It would remove primary and secondary schools from the list of non-public institutions barred from receiving public aid and would allow public money, property, or loans of credit to be used for founding, maintaining, or aiding those schools. The proposed amendment would also allow public financial aid, materials, or services to be provided to a non-public school student requesting such aid, but only if that school does not discriminate in its entrance requirements on the basis of race, color, national origin, religious belief, sex, or physical handicap. The state legislature would have the power to impose limits on aid, materials, or services provided to students.
